## HOW TO READ A LINE

**01**
### Yard
Branch and city are the auction or pickup point.

**02**
### Load port
GA, NJ, TX or CA — this sets the ocean + clearance.

**03**
### Towing
Inland from that yard to the load port.

**04**
### Total sedan
Towing + ocean + Mersin clearance. SUV add $100.

## INCLUDED IN THE PRINTED TOTAL

- Origin towing from the named main-branch yard to the load port
- Ocean freight on the nominated corridor
- Mersin arrival clearance as packaged in the source tariff

## NOT IN THE PRINTED TOTAL

- SUV +$100 · pickup / extra-large SUV / full-size truck +$50–$100
- Sublot, off-site, Manheim and ADESA extras · destination demurrage
- Afghanistan inland beyond Mersin (Islam Qala and provinces) — quoted on the file
- Marine insurance, non-running handling, enclosed inland, storage after free time

# Commercial rules

### Vehicle class

Printed totals are sedan. Add USD 100 for an SUV. Add USD 50–100 for pickup trucks, extra-large SUVs and full-size trucks. Confirm cube and running condition before booking.

### Yard scope

Rates apply to the main auction branch named in the table. Sublots and off-site yards are extra, priced on distance from that branch. Storage on sublot or off-site units is not included.

### Other auctions

Manheim and ADESA files carry additional handling. Alaska is not in this book — confirm availability before a pickup request. Hawaii yards are listed and should still be reconfirmed before dispatch.

### Destination risk

If equipment stays at Mersin because of congestion or events beyond reasonable control, demurrage and related charges sit with the customer. Force majeure extras are not absorbed.

### Beyond Mersin

This book prices USA yard → Mersin. Onward movement to Islam Qala and Afghan provinces is a separate inland quotation.

### Validity

Figures are the 1 September 2026 schedule. Ocean, bunker, equipment and inland move. A dated JACXI quotation is the instrument that locks a named vehicle.
